PENAMA PDCCC SITUATIONAL REPORTS FOR MANARO VOLCANO.

Incident Controller: Mr Tony Alatoa (IC)

Clusters:

Present: Logistics, Shelter, Food security, WASH, Education, Security, Gender Protection and Health

Overview situational reports:

State of Emergency currently in place, Provincial Emergency Operation Centre is fully functional.

Transportation of evacuees postponed to later in week aboard LC Blessing for Sarutalai ward to St Patrick College. Vusibulu to be completed tomorrow through to Wednesday, evacuation centre at Torgil RTC.

All assistance centrally stored at PWD with monitoring mechanism in place, with distribution lines through each cluster on request.

Road network to North, East and South Ambae accessible but in need of routine maintenance, due to heavy rainfall past few days. Air Vanuatu has declared Longana airport unsafe due to thick ash on runway, works commencing to clear ash fall on runway. Walaha airport is operational. Lolowai harbour accessible.

General Coordination:

Daily briefing at 9 am and debriefing at 4:30 pm at the provincial chamber. Attendance by most clusters at briefing with tasking updated and reporting back of tasks at debriefing.
